Chelsea McCarthy ★★★★★

Regency have been so helpful. I was involved in a bike accident and rushed to the hospital. My partner had called them to tell them what happened and they sorted everything out, even calling the hospital to let them know I was on the way. Their friendly service, match with the added benefits are so good and (in my opinion) great value for money!

Poppy Woods ★★★★★

I have just got off the phone with Barb, she is a nutritionist at Regency. She was so nice and helpful and I now have my very own nutrition plan. I didn't think you could get this from an insurance company. I am very happy with everything that is being given to me from them. They deserve all the praise!

I made a claim a couple of weeks ago and it couldn't have been smoother. The customer service lady was so nice and super helpful. She also told me about a nutrition program that they have, which is so good! I think these guys are great!

I have just finished a fitness consultation with them and it's so good and detailed. Looking forward to getting it going! Great little addition to my health insurance, been with them for 2 years now and only have good things to say.

Alex Lim ★★★★★

Really great service, loads of additional benefits provided and an extremely professional team. Definate recommend. Have made a few claims so far, all just for GP visits but they have been paid quickly.

”

“

Willem Nel ★★★★★

Quick and super friendly, not to mention on the ball when it comes to claims. The few times I had issues these folks sorted it out immediately. Brilliant customer service too. Don't really get where all the negative reviews are coming from too?
